LUIS TORRES

FULLSTACK DEVELOPER

A recent graduate from Le Wagon boot camp, I'm a Junior Full-Stack Developer with a background in IT. I've completed some projects, including a coding competition platform with six languages.

Excited to enter the world of tech and grow as a developer.

SCAN ME

PROJECTS

Dev<Brawl> *FINAL PROJECT WEB APP*
The final project of the Le Wagon bootcamp -
A website where devs can compete against each other through time trials in 6 different languages in a wide range of exercises.

Rave Brawl - Airbnb clone *FIRST GROUP PROJECT WEB APP*
1-week project with the intent of doing an Airbnb clone where we decided users could book or list venues for parties and venues

TheWatchList - Rails Project *FIRST FULLSTACK WEB APP*
First full rails app from the backend to the frontend. Users can create multiple watchlists from a scope of movies, comment on them, and personalize their list.
